Officer reports:

VP Internal: Brad.

- Joint monthly happy hours for PWP and full time students. Goal is to organize and facilitate joint monthly happy hours for full time and PWP students on Wednesdays. First Wednesday happy hour will start next week 4/13/05. First Saturday Happy Hour will take place in May.
- Get input from students about possible games and activities for happy hours. Will send a list of possible games for happy hour, open for suggestions.

VP External: Eve and Stan.

- Change of the school name. Since school's name has changed to The Paul Merage School of Business new name tags will be made for full-time students. Also, new business cards for full time students with a standard format. Format of business cards should be discussed with marketing department. David Lim is in charge of the design.
- Coordinating admits day weekend that will take place from 4/8 through 4/10/05. On 4/9/05 club officers will present their clubs to newly admitted students and give an overview of all the opportunities.
- Coordinating training for the club officers on rules and regulations of the events and scheduling. Training will take place next Thursday 4/14/05 during happy hour. GSMSA officers are welcome to attend. Eve and Stan will send out an invitation this week.
- Facilitating of the merger of the consulting club with the IT club. Most of their events are joint events. Both clubs are willing to merge. They will use the consulting club budget.
- Awareness of the club opportunities and club contacts to PWP students. The summarization e-mail will be mailed out to the PWP program about clubs and about who to contact, as well as placed on the new GSMSA website.

VP Finance: Art and Matt.

- Credit card issue. The goal is not to have VPs of Internal pay out of their own pocket and get reimbursed later. Now students pay upfront for the events and get reimbursed later. Brad paid \$2000 out of his own pocket and was not reimbursed for it. Victoria made a suggestion to ask for cash advances for events. Stan suggested purchasing Costco prepaid cards on a monthly basis for the events. Any money in advance will help. Art and Matt will investigate possible credit card opportunities.
- Spring banquet. According to Victoria. Dean Policano will pay for the banquet and it should not be a responsibility of VP Internals to pay for anything. Vicky suggested to talk to Andy Louise, the person responsible for getting a credit card or cash advances for future events.

VP Technology: Harvey, Karthik

- New GSMSA website. Need to talk to the marketing department and get images or templates of the new MSB website. Goal is to gather creative ideas from students to incorporate in the website and to work with marketing.
- Template for club websites will also be designed to look more inline with the new MSB website. VPs of IT will join VPs External in talking to the club president's next week.

VP of PWP Affairs: Jon

- PWP's interested in other events. Students showed interest in speaker events and joint social events. VP of internal and club representatives will follow up. VP external will send an e-mail summarizing contacts and opportunities of each club. Golf club and new Business & Sports club are already organizing events and try to involve PWP students. Business & Sports club is organizing event at 5:30pm to make sure PWP students can attend.

Student affairs: Vicky and Melissa
