Now Accepting Your

SELFIE SHOUT OUT/THANK YOU VIDEO

DUE MAY 30

Have some fun and pre-film a shout out to your guests on your big day ([see examples from last year here](#)). While you are outside the Bren Center lining up, we'll show these videos to your loved ones inside thanking them for their support.

1. **Find a quiet space with minimal background noise.** Feel free to be creative, or a simple smile and “thank you” to loved ones is just as appreciated.
2. **Record your (no more than) 10-second video.** IMPORTANT: turn your phone to film the video in **landscape mode (wider rather than taller)**. If you have the capability to adjust video settings on your phone or camera, use **1080p at 30 frames per second** (720p is acceptable) - if you don't know how, that's okay...send us what you record and we'll make it work.
2. **Name the file with your program and name (as in: FEMBA John Jones)**
3. **By May 30**, transfer the file to us using the free service at www.WeTransfer.com (there's a phone app, too): On the screen, click on the “+ Add files” button. For “Friend's email,” use brightfuture@merage.uci.edu. Then type in your email address where it asks. Click on the “Transfer” button. Watch for a confirming email from us within the next three working days – email us if you don't receive confirmation.

Limit one up-to-10 second video per graduate. All videos will be reviewed for content. We reserve the right not to use any video that is too long or is deemed inappropriate for any reason, without notification.
